

Sing Along: Learning Party

There's something new to learn
And it's great to know...

Every day when we come to school
We're all part of a learning party
Learn and play side by side
We're all part of a learning party!

Learning party! We're all part of a learning party!
We belong here!
I'm excited! You're excited! We're all excited!

We learn lots here!
I'm excited! You're excited! We're all excited!

Come and join the party!
Every day when we come to school (everyday)
We're all part of a learning party (yeah)
Learn and play side by side

We're all part of a learning party! (It's a party)
Every day when we come to school (learning party)

We're all part of a learning party
Learn and play side by side
We're all part of a learning party!
