WATCH NOW ON _____!

Bea's Block is a brand-new, animated comedy series, for preschool audiences, centering on compassionate and curious 5-year-old Bea and her two best friends Ty and Lexi.

The trio models kindness through friendship and compassion as they embark on playful adventures in their diverse community, Blocktown. The characters are animated wooden blocks, which allows them to exhibit a unique physical humor as they zip, stack, and hop spreading laughter and joy. The series was created with the educational approach and heart you've come to expect from the trusted makers of *Sesame Street*.

Coloring Guide

People have different skin colors because of melanin. Melanin is something we each have inside our bodies that makes the skin on the outside the color that it is. The more melanin you have the darker your skin looks. The color of our skin is an important part of who we are, and we should all know that it's ok that we look different in so very many ways. Things on the outside like our skin color, hair texture, our noses, our mouths, and eyes makes us who we are. Many people call that race, and even though we look different we are part of the human race.

People of every skin color are kind and can be a good friend! On the next page, see each crayon next to Bea, Lexi, Ty, and Danny and find the crayons that match so that you can color in your friends.
